**PERFECT IMAGE YOUTH CENTER GROUP HOME PROGRAM CONTRACT
COMPLIANCE MONITORING REVIEW**

In accordance with your Board's April 14, 2009 motion, we are informing your Board of the results of a group home compliance review.

Perfect Image Youth Center is located in Riverside County and provides services to Los Angeles County Department of Children and Family Services' (DCFS) foster youth. According to Perfect Image Youth Center's program statement, its stated goal is "to provide a comprehensive array of services in an environment that the youth will experience as being safe, protective, nurturing, appropriately structured, and responsive to their individual needs." Perfect Image Youth Center is licensed to serve a capacity of six children, ages 13 through 18.

The Out-of-Home Care Management Division (OHCMD) conducted a review of the Perfect Image Youth Center in December 2009, at which time the agency had one six-bed site and three placed DCFS children. All three children were females. For the purpose of this review, all placed children were interviewed and their case files were reviewed. The placed children's average overall length of placement was six months, and their average age was 13. Six staff files were reviewed for compliance with Title 22 regulations and contract requirements.

One child was on psychotropic medication. We reviewed her case file to assess timeliness of psychotropic medication authorizations and to confirm that medication logs documented correct dosages were being administered as prescribed.

SCOPE OF REVIEW

The purpose of this review was to assess Perfect Image Youth Center's compliance with the contract and State regulations. The visit included a review of Perfect Image Youth Center's program statement, administrative internal policies and procedures, all placed children's case files, and a random sampling of personnel files. A visit was made to the facility to assess the quality of care and supervision provided to the children, and we conducted interviews with the children to assess the care and services they were receiving.

A copy of this report has been sent to the Auditor-Controller (A-C) and Community Care Licensing (CCL).

SUMMARY

Perfect Image Youth Center was providing adequate care to DCFS placed children, and the services were provided as outlined in the agency's program statement. The children interviewed stated that the staff treated them with respect and dignity and services were made available to them.

The direct care staff stated that the needs of the children were met in a timely fashion by the administrative staff. However, the Group Home was in full compliance with only three of nine sections of our compliance review, and there were multiple elements needing improvement in each of the other six sections. The Group Home complied with one of the eight elements reviewed under the Section Program Services.

At the time of the review, the Group Home needed to address several physical plant deficiencies, none of which posed a safety hazard to any placed children. The Group Home further needed to maintain runaway procedures pursuant to the contract and ensure that comprehensive allowance logs were fully maintained. The Group Home also needed to ensure that all children were assessed within thirty days of placement, develop comprehensive Needs and Service Plans (NSP) and ensure that monthly contact with the DCFS CSW was documented. Additionally, the Group Home needed to maintain current copies of IEPs and report cards in the children's files. Further, the Group Home needed to provide all children with the \$50 required minimum monthly clothing allowance and minimum weekly allowance and encourage and assist children in creating and maintaining photo albums/life books. The Group Home also needed to ensure all staff members had criminal clearances, all staff member files had copies of current California driver licenses and signed copies of Group Home policies and procedures. The Group Home also needed to ensure that all staff members received on-going training as required per Title 22 regulations and all staff members received emergency intervention training per the Group Home's Program Statement.

Perfect Image Youth Center was receptive to implementing some systemic changes to improve its compliance with regulations and the Foster Care Agreement.

NOTABLE FINDINGS

The following are the notable findings of our review:

- In accordance with the DCFS contract, the Group Home did not maintain runaway procedures.
- The Group Home did not maintain comprehensive allowance logs. The children were not provided with the required monthly clothing and weekly monetary allowances.
- The Group Home did not always ensure children were assessed for needed services within 30 days of placement and had current and comprehensive Needs and Services Plans (NSP), and did not always document contact with DCFS social workers.
- The Group Home did not maintain staff files as required by Title 22 regulations and the Group Home's program statement. One staff member did not have a criminal clearance; another staff member's file was missing a current copy of the employee's California driver license; one staff member did not sign copies of the Group Home policies and procedures; one staff did not have current CPR and First-Aid training; staff members reviewed did not have on-going training as required per Title 22 regulations; and three staff members did not have emergency intervention training per the Group Home's Program Statement.

The detailed report of our findings is attached.

EXIT CONFERENCE

The following are highlights from the exit conference held on December 30, 2009:

PERFECT IMAGE YOUTH CENTER PROGRAM CONTRACT COMPLIANCE MONITORING REVIEW

**Perfect Image Youth Center
16761 Washington Street
Riverside, California 92504
License Number: 336408586
Rate Classification Level: 9**

The following report is based on a "point in time" monitoring visit and addresses findings noted during the December 2009 monitoring review.

CONTRACTUAL COMPLIANCE

Based on our review of three children's files and six staff files, Perfect Image Youth Center was in full compliance with three of nine sections of our Contract Compliance Review: Recreation and Activities Requirements, Children's Health-Related Services, Including Psychotropic Medication, and Personal Rights. The following report details the results of our review:

LICENSURE/CONTRACT REQUIREMENTS

Based on our review of three children's case files and/or documentation from the provider, Perfect Image Youth Center fully complied with seven of the nine elements reviewed in the area of Licensure/Contract Requirements.

Based on our review, the Group Home was using all available resources to attempt to stabilize placements prior to requesting removal of a child. The Group Home was providing for the children's transportation needs and appropriately documenting and cross reporting special incident reports. Perfect Image Youth Center was in compliance with licensed capacity, conducted disaster drills at least every six months and maintained completed disaster drill logs. However, the Group Home did not maintain runaway procedures in accordance with the contract nor did they maintain comprehensive allowance logs.

Recommendations:

Perfect Image Youth Center shall ensure that:

1. The Group Home maintains runaway procedures pursuant to the contract.
2. Comprehensive allowance logs are fully maintained.

FACILITY AND ENVIRONMENT

Based on our review of Perfect Image Youth Center and interviews with the three children, the agency fully complied with three of six elements in the areas of Facility and Environment.

PERFECT IMAGE YOUTH CENTER

PAGE 2

The Group Home maintained age-appropriate and accessible recreational equipment and on-site educational resources.

The Group Home maintained a sufficient supply of perishable and non perishable foods. The exterior of the Group Home was adequately maintained. The front yard was clean and adequately landscaped. However, the backyard was not landscaped and contained a large amount of debris.

While the Group Home provided a home-like environment, the interior had several deficiencies, none of which posed safety risks to placed children. Specifically, the living room and visitation room were dirty, and there was a bleach stain on the living room carpet. In the kitchen, a pillow case was being used as a window covering. The cabinet doors were dirty. The paint was peeling off of the dining table. In the bathroom, the bathtub and grout needed to be cleaned and the toilet seat was worn. There was insufficient lighting throughout the Group Home.

The children's bedrooms were adequately maintained, but there were deficiencies. The mattresses were comfortable, and all the beds had a full complement of linens. Children's sleeping arrangements were appropriate. Window screens were in good repair. However, the carpet in all bedrooms needed to be cleaned. In bedroom #1, the blinds were broken and a dresser drawer was broken. In bedroom # 2, a dresser was broken. In bedroom # 3, the closet door was broken.

Recommendation:

Perfect Image Youth Center management shall ensure that:

3. The Group Home site is maintained in good repair in accordance with Title 22 regulations.

PROGRAM SERVICES

Based on our review of three children's case files, Perfect Image Youth Center fully complied with one of eight elements reviewed in the area of Program Services.

We noted that placed children met the Group Home's population criteria as outlined in the program statement. One child had been at the Group Home for just three days and was, therefore, not assessed for needed services within 30 days. Of the two remaining children, one was not assessed for needed services within thirty days of placement.

Based on our review, we found that of the two children placed at the Group Home for thirty days or more, only one child had a current NSP. We found that for that child, the initial and updated NSPs had been developed and implemented by the treatment team. However, the NSPs were not comprehensive, did not include case plan goals, concurrent planning case plan goals or educational information. The reviewed NSPs did not reflect adequate documentation to confirm monthly contacts with the DCFS

PERFECT IMAGE YOUTH CENTER
PAGE 3

CSW nor was there any other documentation in the case file. The Auditor-Controller's (A-C) prior year review also noted that Perfect Image Youth Center did not always ensure that the NSPs were comprehensive and included measurable and attainable goals.

Recommendations:

Perfect Image Youth Center management shall ensure that:

4. All children are assessed for needed services within thirty days of placement.
5. NSPs are comprehensive and include all required elements.
6. Monthly contacts with DCFS CSWs are adequately documented.

EDUCATION AND EMANCIPATION SERVICES

As one child had been placed at the Group Home for only three days, she was not interviewed about educational services. Based on interviews with the other two children and review of all their case files, it was determined that Perfect Image Youth Center had not complied with two elements relating to current IEPs and the maintenance of report cards. One child who had been enrolled in school for approximately one month had not received a report card, and the other child who had been in the Group Home for over a year did not have a current Individualized Educational Plan (IEP) or a current report card on file. Provision of Emancipation Planning/Vocational Programs and ILP Emancipation Planning were non applicable to due to the young age of the children.

Recommendation:

Perfect Image Youth Center management shall ensure that:

7. Current copies of IEPs and report cards are maintained in the children's files.

CLOTHING AND ALLOWANCE

Based on our review of three children's case files, and interviews with the two children who had been placed with the agency for at least a month, Perfect Image Youth Center fully complied with seven of eight elements in the area of Clothing and Allowance.

Based on our review, we found that only one of the two children placed over 30 days had received the \$50 required monthly clothing allowance. Children were provided with opportunities to select their own clothes, and clothing provided to children was of good quality and sufficient quantity. The clothing allowance logs and inventories confirmed that the requirements were being met for one of the two children.

The two children reported that the Group Home allowed them to spend their monetary allowances as they chose. However, the children reported that they were not provided

PERFECT IMAGE YOUTH CENTER
PAGE 4

with required minimum weekly allowances. Further, there was no documentation to support that the children were given the required minimum weekly allowance. The Group Home Executive Director explained that the Group Home was in a state of flux due to the unexpected resignation of the Group Home Administrator and confirmed that the children would receive all required allowances.

The Group Home provided children with adequate personal care items. The children were not encouraged or assisted in creating and maintaining their photo albums/life books. The A-C's prior year review also noted that Perfect Image Youth Center did not provide the children with the required monthly allowance or encourage and assist the children in creating and maintaining photo albums/life books.

Recommendations:

Perfect Image Youth Center management shall ensure that:

8. All children receive the \$50 required monthly clothing allowance.
9. All children receive the required minimum weekly monetary allowance.
10. All children are encouraged and assisted in creating and maintaining photo albums/life books.

PERSONNEL RECORDS

Based on our review of six staff personnel files, Perfect Image Youth Center fully complied with three of twelve elements in the area of Personnel Records.

All six staff reviewed met the educational and experience requirement. They had initial health screenings and initial training. However, one Child Care Worker did not have timely submitted fingerprint cards, Child Abuse Central Index (CACI) clearance and signed criminal background statement. Another staff member did not have a current driver license on file. This was brought to the attention of the Executive Director, who was notified that the staff without clearances could not supervise the children and that the staff member without a valid driver license could not transport the children. Further, one staff member's file did not have a signed copy of the Group Home's policies and procedures nor documentation of CPR training and First-Aid training. None of the staff members had documentation of required on-going training in their files, and there was no documentation that three of the staff members received emergency intervention training per the Group Home's Program Statement. The Group Home Executive Director explained that the Group Home was in a state of flux due to the unexpected resignation of the Group Home Administrator and that she would obtain all necessary documentation.

PERFECT IMAGE YOUTH CENTER
PAGE 5

Recommendations:

Perfect Image Youth Center management shall ensure that:

11. All hired staff are criminally cleared in accordance with Title 22 regulations and regulatory standards and that documentation is maintained.
12. All staff members authorized to transport children have copies of current California Driver Licenses maintained in their files.
13. All staff members are provided with signed copies of the Group Home policies and procedures.
14. All staff members have current CPR and First Aid training, annual training and emergency intervention training as required per Title 22 regulations and the Group Home's program statement.

PRIOR YEAR FOLLOW-UP FROM THE AUDITOR-CONTROLLER'S REPORT

Objective

Determine the status of the recommendations reported in the A-C's prior monitoring review.

Verification

We verified whether the outstanding recommendations from the monitoring review were implemented. The report was issued on September 11, 2008.

Results

The A-C's prior monitoring report contained three outstanding recommendations. Specifically, Perfect Image Youth Center was to ensure that it developed comprehensive NSPs that included measurable and attainable goals and all members of the treatment team. The Group Home was to ensure that documentation was maintained to show that children taking psychotropic medications were routinely seen by the prescribing psychiatrist. The Group Home was also to provide children with the \$50 required monthly clothing allowance and encourage and assist children in creating and updating photo albums/life books. Based on our follow up of these recommendations, the recommendation to maintain documentation that children taking psychotropic medication are seen by the prescribing psychiatrist was fully implemented. As we noted, the other two recommendations were not fully implemented and corrective action was requested of Perfect Image Youth Center to further address these findings.

PERFECT IMAGE YOUTH CENTER
PAGE 6

Recommendation:

Perfect Image Youth Center management shall ensure that:

15. It implements three outstanding recommendations from the A-C's September 11, 2008 monitoring report, which are noted in this report as Recommendations 5 as to the NSPs and 8 and 10 as to Clothing and Allowance.
